Day 4: Rio de Janeiro -> Sugar Loaf

Whoever comes to Rio de Janeiro may take months in this city without getting bored. Many tourists come to Rio to see our famous beaches, long and full of life. The most famous of them is Copacabana Beach with its 6 Km long and Ipanema the most fashionable of them all. And the longest among them all is Barra da Tijuca with its 18 Km. The city of

course has much more to offer. Places like the Pão de Açúcar (Sugar Loaf), mainly during sunset, to the Corcovado and Cristo Redentor, the mountain (709m) in which we find the famous statue of Christ the Redeemer and to the Tijuca National Park (the largest rainforest inside urban area in the world) make of Rio a unique city !! Interesting are also a stroll in the downtown area with the Avenida Rio Branco or to seat in one of Rio's many street cafes, for a coffee, a beer or for a caipirinha (Brazilian National Drink, made of lime, sugarcane sugar, ice cubes and cachaca) with the songs of Samba, Chorinho or Bossa Nova in the background !! Of course we can not forget to mention its wonderful restaurants with exquisite cuisine from all different Brazilian regions: one of the highlights of a visit to Rio de Janeiro.

After breakfast we will leave hotel for a citytour in Rio de Janeiro downtown area. We will pass along some of Rio's nice beaches, visit the city commercial and banking area, pass along the Parliament, the Municipal Theatre, the Cathedral, Maracana Soccer Stadium and take the cable car up to Sugar Loaf mountain. We will be on top

of the mountain by sunset, one of the most terrific sights in the world. Overnight at Intercontinental Hotel Rio de Janeiro.

There we will board a schooner (private for our group) and explore the small paradisiac beaches on Itacurussa Bay. We will stop in one of the islands for lunch at a very interesting restaurant. Buffet with typical Brazilian food: barbequed fish chicken and beef and several choices of salad. The restaurant is located direct on the beach. A **samba group** will be taking care of the

musical entertainment over the whole day.

Day 6: Rio de Janeiro -> Corcovado

Citytour, including the southern beaches of Rio, Tijuca Forest and train to **Corcovado**. We will leave by bus at around 9:00 AM from hotel. Our tour heads first to the Lagoa Rodrigo de Freitas area and stops at the Cosme Velho district where we will take the train that will take us on a 3,7 Km ride up to the top of Corcovado mountain (710m). On the top of the mountain we will see the statue of Christ the Redeemer. The mountain offers a fantastic view to Rio de Janeiro, then a panoramic tour along the southern beaches of Rio de Janeiro. We suggest a Samba Surprise Party on Tijuca Forest, incl. Caipirinha.

Gala Dinner at Casa das Canoas: Tonight we will be transferred to Casa das Canoas for cocktail, gala dinner and an exclusive private Samba Show and Carnival Ball !!!

Located right in the **heart of Tijuca forest**, the largest green space in an urban area in the world, the Casa das Canoas with its 12.000 m², is an example of the most refined Brazilian colonial architecture. After crossing its gates, the visitor feel as if they were transported to an

old Rio de Janeiro where the conclusive presence of nature serves as perfect scenery for sociability among people.

Besides magical spectacle of this luxurious nature, Casa das Canoas is part of the district and city's history. The area belonged to commendatory Conrado Jacob Niemeyer. Owner of almost all lands in the region, he built, with own resources, the way connecting Vidigal Beach to the former Gávea Beach. This road, nowadays know as Niemeyer Avenue, was donated by him to the city by 1916 and constitutes one of the main connecting ways between important Rio de Janeiro's districts.

It was also Jacob Niemeyer the one that was in charge of the building of the only church in São Conrado, donating at that time a sculpture of Saint Conrad brought from Germany. This sculpture was responsible for the districts current name and can be admired, until now, inside the church.

Still belonging to commendatory's descendent the renowned Niemeyer family, the Casa das Canoas is, for all that, part of Rio de Janeiro living history. Build with construction material proceeding from Old Rio and decorated with pieces of art and antique furniture, the visitors have then the feeling of returning to the past at the same time that feel refreshed by the rare and intimate contact with nature.

After **1 hour cocktail party** and the **4-course gala dinner (including mineral water, soft drinks, beer and domestic wine unlimited)**, there will be a **private samba show and carnival ball** with performance of a Carnival group with mullatas, samba players, moderator, **lambada presentation**, a **show of Brazilian folklore dancers**, presentation of famous carnival deluxe costumes. A total of about 18 performers. After the show (around mid-night) return to hotel (this option can be replaced by dinner at Aprazivel restaurant, see below).

Day 7: Rio de Janeiro -> Salvador

Brazilian buffet breakfast at hotel. Day at leisure. Transfer to airport for flight to Salvador.

Arrive in Salvador and half-day Citytour visiting the historical part of this exotic city, the tour will end at Costa do Sauipe, 40 Km away from Salvador. There we will have a 3 night beach stay at the Superclubs Breezes Costa do Sauipe, All-inclusive Resort.
